The Coming School Year.

School officials in this district and other sections of Ohio are proceeding with arrangements for convening classes at the usual time this year in spite of unfavorable financial prospects in many localities.

They are trusting and hoping that there will be developments enabling them to operate through the customary period and to maintain the educational program with all of its essential features. There is some hope that the legislature, when it convenes in special session, will make provisions to help the schools through this critical time.

The public in general, while agreeing on the need of utmost economy in all branches of government and service at this time, doubtless is of the opinion that if concessions toward liberality are to be made anywhere, it should be in connection with the schools. In forced economy measures in government, bringing about curtailment of public service that is likely to be a handicap temporarily, citizens are in a large measure merely paying up for errors and past extravagances. In this certainly their children have no responsibility. They should not be required to help solve the present financial problem by having their educational facilities crippled. They are entitled to the best possible preparation for their future.

Senator Davis' Offense.

So many people live in glass houses that there will be few to hurl stones at U. S. Senator James J. Davis and the other prominent men who have been indicted by the federal grand jury of New York on a charge of violating lottery laws.

No law on the statutes—not excepting the Volstead act and its companion measures—has been disregarded on such a general scale as that old act prohibiting lotteries. Lodges, churches and various organizations of honest, law-abiding, eminently respectable people have gone about the work of selling chances in the cause of charity of one kind or another and with scarcely a thought that they are law-breakers infuniing the federal code.

Whether or not Senator Davis and his associates are convicted in the courts, they can not be condemned by the public for there are not many who can sit as their judges, untouched by some mark of the same offense. Any person who has bought a ticket on an automobile raffled off by his lodge, a homemade quilt at a church social or a basket of groceries at the annual picnic of the shop belongs on the prisoners' side of the railing and not in the juror's seat.

Going a little further, all the income from the lodge lotteries, promotion of which is charged against Senator Davis and the others, went either for prizes to the ticket holders or for worthy causes. In the case of Senator Davis and the Moose lodge, the profits above the prizes were used largely for the maintenance of Moosehcart, the splendid school home which the order maintains for the orphaned children of its members.

Promotion of a lottery unquestionably is a violation of federal laws and those of most of the states. It is also unlawful, in Ohio at least, to sell a dish of ice cream on Sunday, to drive an automobile with one headlight and to shoot ducks earlier than an hour after sunrise but men who do these things are not shunned as criminals.

This is one case in which it is easy to comply with the customary plea of a defendant that the public withhold judgment until final determination of the matter in the courts.

The thought also occurs to us that if all the people of this city who have been involved in lotteries of this type by distributing or buying tickets were to be driven into hiding by the government's investigation this would be a mighty lonely place for ones who have not been touched by the occasional hope of gaining an easy fortune through possession of a lucky ticket.

Mail on Cash Basis.

The government announced that it is through with the business of handling letters on the "collect" basis. Hereafter, mail which does not carry the full amount of postage will be returned to the sender for additional stamps.

The use of "postage due" stamps by which mail carriers collected additional charges on matter insufficiently stamped by the sender will be abandoned. They caused the postman much extra work and often a considerable personal loss if he were kind and trusting enough to affix the stamps at his own risk and take the chance of collecting from the addressee.

Liberal use of postage due stamps was allowed following the inauguration of three-cent postage on first class mail but the government believes that all the people have had plenty of time to acquaint themselves with the new provisions.

The government also makes the announcement that of the new excise taxes which went into effect June 21, the greatest source of revenue in the first nine days was the two-cent tax on bank checks. In nine days banks of the country cashed more than 54,000,000 checks, bringing an income from this source of $1,094,287. During the same period the tax on gasoline and motor oil brought $539,161 into the

Discouraging to Bandits.

Ashward Stover, manager of a Marion grocery store, has made an effective contribution to the campaign against lawlessness, especially the steadily growing operations of armed robbers.

Mr. Stover is not a man who derives pleasure from shooting at other human beings. Like all normal persons, he likes peace and the privilege of engaging in his daily pursuits on friendly and harmonious terms with those with whom he comes in contact. But, as is the case with even the most peacefully inclined, he claims the right of protecting his life and interests and also the interests of his employers.

So when armed men invaded his store Saturday night and committed robbery while threatening him and others with deadly weapons he upheld his rights by beating them at their own game. His work with a revolver that he had kept at a convenient spot was rapid and effectual. Every one of the three men who took part in the holdup received one or more of the bullets fired by Stover.

No law-abiding citizen experiences a pleasant feeling from witnessing or hearing about other persons being made the target of bullets, even in the preservation of life and property. But the right of self-defense and protection is unquestionable and inviolable and those who exercise it are well within the bounds of moral and statutory law.

Previous to the Saturday night robbery, Stover had been held up in his store on several occasions. Naturally he felt that the performance was getting a bit too regular and frequent and that the time had come to watch for his chance to put up some convincing and effective argument with his unwelcome visitors.

The result was one of the most decisive victories over banditry in Marion's history. Not only a victory in this partienlar case, but one which is likely to have a salutary effect for the future. With the news going out that Marion residents are prepared to deal with armed lawbreakers in this businesslike manner, there is likely to be a noticeable decrease in their operations in this locality.

Immigration Turns.

Tide of immigration turned from the United States to other lands during the last fiscal year for the first time since a bontloud of incoming settlers set foot, according to beloved tradition, on Plymouth Rock. It was a tremendous turn of travel in the other direction for the number leaving this country to live abroad exceeded permanent arrivals three to one.

Restrictions which this country placed on immigration when economic pressure began to assert itself plays a large part in curbing arrivals. The departures are made up laggely of aliens who have been disillusioned during this long period of unemployment and who have failed to find in the United States their land of promise.

Only 35,576 were admitted for permanent residence during the year while 103,295 left with the intention of living abroad permanently. Of these 32,813 were deported or induced to leave at their own expense to prevent deportation.

Until a few years ago the United States encouraged immigration. Men were needed for the country's industries and they were brought here in large numbers. When industry slackened and unemployment became a problem a complete reversal of feeling developed. Quotas were established and immigration regulation and inspection were strengthened while the government became more active in apprehending and deporting undesirables and those who had gained entrance to this country illegally.

It is a good policy, unquestionably, to restrict immigration whenever there is not enough employment for the men already here. Such a condition exists now and America, without ill will toward the people of any other land, will find satisfaction in the figures showing that immigration figures, for the present, show a pronounced balance in favor of outgoing travel.

Comment of the Press

THE RISING TIDE OF BUSINESS.

Even the chronic Jeremiahs and Jonahs are grudgingly admitting that business is improving. Evidently that famous corner has at last been turned. In point of actual fact there has been no huge betterment in any line. How can we expect such a sudden revulsion? The tremendously important fact is that we are all feeling better. That alone will move mountains of doubt. The exact percentage of psychology inherent in the depression is known of no man, but it was a preponderating factor.

Full soon the experts who imagine they can weigh and measure imponderable matters will be compelled to start off on another tack. We have been told that the United States could not prosper until all the people of the world were buying automobiles, electric refrigeration, oil heating contrivances, costly radio sets and homes with three bathrooms, but this is merely rhetorical flourishing. By reason of our position of isolation from the Old World, our natural resources, great home market and industrious people we are in an ideal position to lead the world back to normalcy. In the future as in the past, however, there must be glaring inequalities as between the nations of the earth.

If compelled to wait for even approximate perfection in anything, to say nothing of everything, there can never be recovery from depression. The hundred per cent addicts should go back to their graphs. Prosperity and adversity alike attest that while individually humanity has some sense, collectively we are still an unruly mob.

Let us be thankful that the worst is over and in spite of many bad conditions and foolish reasoning our feet are once again on the high road that leads to prosperity. Already we are beginning to forget the long list of causes and cures, all of which were wrong.—Shoe and Leather Reporter.

COMMEMORATING A MASSACRE.

On September 2, 3 and 4 in the same week as the Ohio State Fair at Columbus, the sesqui-centennial commemoration of the massacre of the Moravian Christian Indians will be held at Gnadenhutten, Tuscarawas county.

A pageant will be presented Sept. 2 and 3, depicting early historical events in that, vicinity, and on Sunday, Sept. 4, there will be an open-air religious service.

The commemoration is under the auspices of the Ohio State Archaeological and Historical Society and the Gnadenhutten Historical Society. The pageant is to be directed by O. K. Reames of Zanesfield.

All in all, it promises to be an interesting show, centering about a bloody and disgraceful event. It is just 150 years since a group of white pioneers descended upon the Christian Indian village of Gnadenhutten and wiped it out, men, women and children. This savage massacre was in retaliation for the murder of a white family by Indians. Historical research has proved that the Indians massacred had nothing to do with the crime for which they so ruthlessly were punished.

One wonders if modern group murders will be commemorated with pageants 150 years hence. Perhaps not, for the settings are different. The dramatic story of the Gnadenhutten massacre now is being used to revive interest and study in the early history of Ohio when the settlers were replacing the redskins.—Columbus Citizen.

Combatting Infantile Paralysis.

Not long ago I discussed the after-care of children afflicted with infantile paralysis. Children that do not receive proper attention remain in a crippled and paralyzed condition throughout life. This is a pity.

Although great advances have been made in the study of infantile paralysis, the germ or other cause of this disease has not been discovered; but remarkable success has attended the after care, with prevention of the disabling results of this dreaded disease. Since the cause of the disease is not known, no means of prevention can be found. But certainly it is essential that all suspected cases of infantile paralysis receive the benefit of all the accumulated knowledge regarding the care of the victim.

Infantile paralysis occurs more frequently than most of us suspect. It may be in an extremely mild form, and the signs and symptoms are sometimes extremely vague.

The onset of the disease may be sudden, with fever and some form of intestinal upset; but these prominent signs may be absent altogether, and the only change noted may be in the habit and behavior of the child. In such cases children usually active and cheerful become quiet, listless and easily annoyed, although in the early stages of the disease paralysis is not present.

When paralysis does occur it is not marked at first, but progressively attacks various parts of the body. Sometimes the paralysis may involve one part of the body for a short time, then, shift to some other part. In other cases it persists in the part first involved.

You see how difficult it is to determine just what is wrong. It is important that a diagnosis be made as soon as possible. Whenever a child shows any of the signs I have mentioned, it is imperative that a doctor be consulted.

Even the physician may be puzzled. Often it is impossible to make a diagnosis without the aid of a spinal puncture. This is a simple procedure and should not be dreaded. Some of the fluid in the spinal cord is obtained and examined under a microscope, and this generally makes it possible to determine the presence or absence of the disease.

When the disease has been recognized in its early stages use of a "convalescent serum" has prevented the occurrence of paralysis in many cases, and has averted fatal complications. The serum is taken out of the blood of an individual who has recovered from infantile paralysis.

Children afflicted with infantile paralysis must remain away from school for a period of at least three weeks. They must not come in contact with other children. Neither should children who have been exposed be allowed to attend school. They should be kept under close observation for at least two weeks after the date of exposure. Those who have had the disease need not undergo strict quarantine.

I am glad to say that the number of cases of this disease reported has greatly decreased within the past year, and deaths resulting from it have similarly decreased. It is believed thà disease is definitely on the decline, but emphasis must be placed on the importance of its early recognition and immediate treatment. The danger is much greater in cases where the administration of serum has been delayed.

OLD TOWN OF PUTNAM.

Putnam, a town across the river from Zanesville, now absorbed into Zanesville, once was a rival of Zanesville, not only for the honor of being the metropolis there, but its founders had ambition to make their town, instead of Zanesville, the state capital.

The citizens felt their town might easily displace Zanesville as a competitor for the state capital, so a large hotel building was erected—far greater than was needed—and at the same time a large stone house was built to be offered for use as a statehouse.

It is claimed that though neither Zanesville nor Putnam was selected to be the state capital, the old stone house at Putnam did accommodate the legislature which was to have held its sessions in the new courthouse in Zanesville—the courthouse not being finished.

The building was for a time used to house an academy, but later it was privately owned and converted into a residence.

Daily Talk to Parents

SOMETHING TO FORGET.

Parents who have prided themselves upon the fact that they did not hesitate to give their children full, early enlightenment on sex matters are frequently amazed when some time after such an explanation the child comes to them with a question which shows that he either does not remember or did not understand the gist of what was so carefully told him.

How is it that a child, ordinarily intelligent, can fail to understand something which was told to him in clear and suitable language? The answer is that the child, like the grown-up, has a startling capacity for forgetting something he does not want to remember.

The explanation which the parent has given the child for some reason or other was unwelcome to him at the time. He rejected it. Either it did not coincide with theories about these matters which he already held and which were more congenial to him than the explanation he was given or he felt for some reason a sense of guilt connected with the entire subject so that he preferred to forget it.

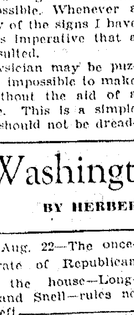
A classic instance of this latter sort comes to mind. A young girl, in boarding school, whose apparent "innocence" caused her classmates to press enlightenment upon her, finally stopped her ears when she could no longer prevent their talking, crying, "I know all that. I knew it all long ago but I want to forget it!"

Sex knowledge must be given tactfully and gradually, and only when and as much as the child at that moment seems to want. The point of departure must be always the child's own questions and the

A Washington Daybook

BY HERBERT PLUMMER.

Washington, Aug. 22—The once-famed triumvirate of Republican leadership in the house—Longworth, Tilson and Snell—rules no more on the left side of the dividing aisle.



BERTRAND SNELL

Nick Longworth is dead. Colonel Tilson has resigned from congress, a bit disillusioned, perhaps, certainly a bit disappointed. Only Snell remains of the once powerful group.

But another trio has arisen to take their place. Not as powerful as the original trio, for the Republicans are now the minority party. But this new triumvirate rules. Make no mistake as to that.

"Snell, Purnell and Michiner" is the new combine that came in with the 72nd congress—Snell, the portly cheese and power manufacturer from New York; Purnell, the husky, broadshouldered, one-time champion pole vaulter of Indiana; and Michiner, the short, bespectacled, expert parliamentary manoeuverer from Michigan.

• • •

Snell holds the key position as the Republican floor leader. His rise to a place of power and influence in congress and his party following the death of Speaker Longworth, the developments of the last session of congress.

Next to him stands Purnell, red-headed and weighing some 180 pounds. Purnell's eight terms in congress have given him opportunity to attain a position of power and influence. He is a high-ranking member of the committee on agriculture and has made that subject his legislative specialty.

"I know more about the problems of agriculture than any other man in congress," he is fond of saying, then adding with a twinkle in his eyes, "or else I have been doing some wholesale lying to my constituents."

• • •

Michiner the third member of the "new "triumvirate," is a different personality from the other two. From his seat of vantage on the rules committee, he watches to see that the Democrats get by with no fast ones with impunity.

On the floor, too, he is a valuable aid to Snell. An expert parliamentarian and quick to attack, he is one to be feared at all times. When he gets worked up, he almost screams in denunciation. He hits straight-from-the-shoulder, caring not whom he rankles.

New York, Aug. 22—Diary of a modern Pepys. Up and Marshall Nolan called, as gay a harlequin as I know. And Carl Carroll dropped by to carry away a fine painting bequeathed by a mutual friend. So at my daily dither, and to sit with my mother-in-law in the brave sunshine, quaffing a jordan of lemonade.

Some one digs up an old theatrical program of William Faversham's starring vehicle, "The Squaw Man." Six of the original cast became as famous, and far wealthier, than Faversham himself. The list included: Theodore Roberts, William S. Hart, William Boyd, George Fawcett, Mitchell Lewis and William Haines.

During the Faversham era, the haunt of distinguished players was the lounge of The Players in Gramercy Park. In those days, a pony of brandy was eight cents and there was a hullabaloo when the House Committee, in casual dicta, raised it to nine. So mighty was the protest, the old price was restored. Incidentally, it seems to me that in the gallant modernizations. The Players, more than any other institution in New York, preserves a fine excess of its pristine charm.

Some time ago, I trailed in the wake of Judge Samuel Seabury for several blocks along the avenue. He seems enamoured of decorum, tradition and austerity. One could bet he never was called "Sammy" in his youth. Only one other person I ever saw suggests such a stand-offishness—that was the elder J. P. Morgan.

The senior Morgan was the most difficult of all Wall Streeters to interview. Many times he was surrounded near his fortress at Wall and Broad. In such contingencies, he naively discarded his accustomed manner and graciously invited the reporter into his bailiwick and through the labyrinth of corridors to a certain office. There he would hand out an expensive cigar, excuse himself for the moment. And that was the last ever seen of him.

In aimless wander today I passed the site of two furious night spots of other years. One was the old Cafe Beaux Arts at 41st and 6th, long a spot for gourmets lingering for peches flambees and frog legs provencale, and still carrying on. Texas Guinan began her hostessing there. The other was 39th street's Bustanoby's, now a memory. Here was the collegiate's Saturday night parade, from which they often went directly to chapel with thumping heads. No cafe was too outlandish. I recall one after-midnight when a group appeared gravely carrying, in the manner of a casket, a medieval chalet filched from a suburban back yard. Just as gravely they placed the cabinet particulars upright in the middle of the dance floor, and around it they marched and marched. Even the orchestra caught the spirit, switched from a turkey trot of the day into a funeral dirge. Such spurts of iocundity never were unusual at Bustanoby's, on a Saturday night. One wonders what's become of the good gray Jacques, toddling about with white-rabbit innocence as though fearfully shocked. But actually enjoying it more than the rowdiest campus cut-up.

The Marry-Go-Round

BY HELEN ROWLAND.

MONEY—HOME-WRECKER.

When you see two nice, normal, intelligent people facing each other in the divorce court, you may be fairly certain that the history of their troubles could be written on a greenback, and that the villain in the case is Old Dollar Bill.

Of course, there are jealous wives and stepping husbands, flirtatious women and bullying men; but the world is not made up of villains and villainesses. Most people are pretty decent fair-minded human beings, who marry because they are very much in love and intend to stay married.

But, there are 57 varieties of ways in which money and the money problem can menace, spoil and wreck a marriage. For one marriage that is wrecked by infidelity or bad temper or nagging, there are 99 shattered by income—pattibility.

Sometimes it's the man's money and sometimes it's the woman's money. Sometimes it's too much money, and sometimes it's no money at all. And, sometimes it's just the battle over who shall spend the money—and how!

Many a couple who would have stuck along happily together all their lives on a forty or forty-dollar-a-week salary have started taking separate roads the moment they could afford two automobiles.

Many a man, who would have gone right on thinking his wife the most attractive woman in the world, if he had never struck oil, has suddenly discovered in his mellow forties or fifties that the woman who helped him plug up the ladder "doesn't understand him," and that some flossy eighteen-year-old gold-digger is his real soul mate.

Many a woman who would cheerfully have gone on, forever, cooking her husband's three meals a day and filling his dinner pail, if he had never made his pile, has been so bored to death, loafing around expensive winter resorts while he was engrossed in business, that she has turned to a gigolo for diversion, and gone via the Reno-route.

Glimpses of the Past

TEN YEARS AGO.

It was Tuesday, Aug. 22, 1922.

T. J. Duffy, chairman of the state industrial commission, acting as temporary chairman of the Democratic state convention in Columbus, sounded the party's keynote in which he charged that "plutocracy has ruled in this nation with an iron hand, a wooden head and a stony heart."

A report from Basle, Switzerland, stated that Mayor Max Oser, 47-year-old Swiss riding master, and his 17-year-old fiancee, Miss Mathilde McCormick, had eloped into either Austria or Italy and were married.

The schedule for the Marion team in the National Football league was announced and set the opening game for Marion in Dayton on Oct. 1. Marion was to have an all-Indian team, headed by Jim Thorpe.

Announcement that wages of workingmen in the U. S. Steel Co. mills would be increased came as a big surprise in steel circles. James L. Farrell, president of the corporation, said "the corporation's decision to increase wages may well be taken as an indication of its belief in the return of business prosperity."

A surprise party was given at the home of Mr. and Mrs. James H. Wise on Chicago avenue in celebration of Mr. Wise's thirty-second birthday anniversary.

Mrs. Harry Wallace, 41, former resident of Martel, died in McKitrick hospital at Kenton.

A news story on Harding High school football prospects reported that only five of the previous year's players would be in the line-up for the 1922 season. They were Wesley Griffin, Elmon Starr, Stanley McCombs, Daniel Brickley and Harold Parcher.

A daughter was born to Mr. and Mrs. Ray Wilson of East Church street.

Mrs. Mary Catherine Hoover, 81, died at the home of her daughter,

TWENTY YEARS AGO.

It was Thursday, Aug. 22, 1912.

Five of the seven men indicted for the murder of Herman Rosenthal, New York gambler, pleaded not guilty when arraigned in New York City courts. They were Police Lieutenant Charles A. Becker, "Whitey" Lewis, Jacob Reich, better known as Jack Sullivan, "Dago Frank" Cirofici and William Shapiro. Two of the indicted gunmen, "Lefty Louie" Rosenberg and "Gyp the Blood" Horowitz, were still at large.

It was announced that John F. Schwinger had purchased a lot immediately north of the Huber block on North Prospect street and would soon begin construction of a two-story building, the second floor to be used for a dancing academy.

Miss Mildred G. Williamson of Marion, and George C. Smashey of Westfalls, N. Y., were united in marriage at the bride's home on Davids street by Dr. C. R. Hazlehurst, pastor of Epworth M. E. church.

A wreath of white lilies sent by Emperor William of Germany was placed on the coffin containing the body of the late Gen. William Booth of the Salvation Army, whose death had occurred in London. The Kaiser was a great admirer of Booth, who had introduced military methods in the war against sin.

Misses Golden Pardonner and Lola and Metta Raymor entertained a company of friends at a picnic at Lincoln park in honor of their guest, Miss Marion Clark of Cleveland.

The annual Marion County Farmers' picnic was held at Gast's grove, Prospect, with 3,000 in attendance. The principal address was given by Lloyd DeCoffey, Marion attorney.

TRANSIENT HELD ON CHARGE OF LARCENY

William Russell, 51, who said he had no home, was held by the police today under a $50 bond for a hearing on petit larceny charge before Municipal Judge W. R. Martin at 8 a. m. Wednesday. He entered a plea of not guilty when arraigned this morning.

Police said Russell had nine pairs of men's hose in his possession when arrested at the W. T. Grant store on West Center street, late Saturday afternoon.

COUSIN AND SON DIE IN ACCIDENT

Mr. and Mrs. R. E. Hoehn and son, Arthur of 475 Oak street, will leave tonight for Cleveland where they have been called by the death of Mrs. Hoehn's cousin, Thomas Keevan and his son, Billy, who were killed in an accident yesterday. The message did not state the particulars of their deaths.

Funeral services will be held Tuesday morning in St. Catherine's church in Cleveland.

Will Hold Dinner.

The Marion units of the Ohio National Guard will hold a post-camp dinner at the armory Thursday night at 7:30 o'clock. Company D returned a week ago from two weeks of training at Camp Perry.

CLEVELAND FLINGER RACKS UP 20TH WIN; CUBS STRETCH LEAD

Brooklyn and Pirates Both Beaten as Bruins Whitewash Phils.

By The Associated Press.

Wesley Ferrell, tall, husky North Carolinian, has chalked up his twentieth victory of the season, the first pitcher in major league history to win 20 or more games in his first four full seasons in the big leagues.

The Cleveland right-hander won 21 games and lost 10 in his first full season with the Indians, in 1929; won 25 and lost 13 in 1930, and 22 and 12 last year.

His twentieth triumph of the current campaign was gained yesterday over the Washington Senators, 11-5, in a loosely-played game in which 15 passes were given.

The New York Yankees stretched their American league lead to 10½ games over the idle Philadelphia Athletics by beating the St. Louis Brown, 3-1. Each team made only three hits but the Yankees bunched all of theirs in the third inning for two runs.

Detroit and Boston split a double-bill. Bob Weiland gave the Tigers only four hits in the opener which the Red Sox won, 3-2. Vic Sorrell limited the Red Sox to seven blows in the second battle and won 4-2.

Chicago's Cubs strengthened their hold on the National league lead, beating the Phillies, 2-0, while their closest rivals, the Brooklyn Dodgers and Pittsburgh Pirates, both were beaten.

The Cubs had the benefit of four-hit pitching from the sensational rookie, Lon Warneke, who hung up his eighteenth victory of the season.

Three Dodger pitchers were pounded for 17 hits as the New York Giants whipped Max Carey's pennant hopefuls, 9-3. Eppa Rixey, 41-year-old left-hander of the Cincinnati Reds, tamed the Pirates for the fourth time this season, scattering eight hits in a 2-0 victory.

The Boston Braves battled 14 innings to achieve a 7-5 verdict over the St. Louis Cardinals and then darkness halted the second game of a scheduled double-header with the score tied at 2-2 in the sixth.

MARION NINE LOSES IN SOFTBALL MEET

Columbus Safety Cabs, Mansfield Win Way to Finals of Sunday Diamond Tourney Here.

BY BOB KIRKPATRICK
Sports Editor, The Star

Having conquered a field of 16 other teams between them over a period of the last four weeks, Prospect Park of Mansfield and the Columbus Safety Cabs will meet at Lincoln park next Sunday for the championship of the Ohio softball tournament. These two crack diamond combines won the right to compete for the crown yesterday at the North side athletic field by triumphing over the Hodes-Zink company of Fremont, the Marion Paint company and Springfield in a trio of hard fought battles.

Fremont and Springfield crossed bats in the opening setto of the three-game program with the honors going to the Springfield team by a 3-0 score. Red Meder of Springfield and Al Rohr of Fremont staged the first of three hurling duels with Meder coming out ahead. The big red head struck out 22 men and allowed only two safeties. His mates touched the fast ball fling of Rohr for five hits, one a homer. Three Fremont errors aided in scoring two of the three Springfield runs. Both teams turned in some clever fielding during the nine inning fracas.

Safety Cabs Win

The Columbus Safety Cabs and Marion Paint company put on another nip and tuck fray in the second game before Doc Stitch finally mastered the Marion combine by a 2-1 score. Dale Schwaderer opposed the lanky right hander from the capital city on the mound and pitched on even terms all the way. Stith paved the way for his own victory in the second inning when he singled and drove in two runs, enough to win the ball game with his mates playing perfect ball behind him.

Don Lindsey slammed a homer in the seventh to put Marion back in the game and the locals threatened to deadlock the count in the final frame but the effort was cut short as Stith bore down and forced the final man to fly out to left field.

Springfield returned in the third game for a second engagement with Prospect park of Mansfield. Meder again occupied the hill for the Springfielders and again turned in a sterling performance but this time the breaks went against him and he dropped the game by a 3-0 count. Meder struck out 15 men and allowed only five hits. However, one error allowed two Mansfield runs to score and a pair of hits accounted for the other tally. With three runs on the Mansfield side of the scoring column "Speed" Gettles was unbeatable. Gettles set the Springfield batters down with only three hits in earning his shutout.

Springfield Rallies

Two of the three came in the final inning when Springfield made a desperate attempt to snatch victory from the fire. Gettles struck out 14 men.

VANGLER, NOVAK IN RING JOUST TONIGHT

Rough Match Looms as Welters Clash in Outdoor Program.

Roughness will be the keynote of Monday night's wrestling campaign at the open air arena at the Steam Shovel athletic field.

From the opening gong until the referee pats the final matman on the back it will just be tough fall after another.

In the main go will be the king of all the tough boys, Sammy Vangler of Parkersburg, W. Va. Against him will be that sturdy little Ernie Novak the fighting bulldog from Miami, Fla. When it comes to being rough, Vangler has just about outclassed everything that promoters have been able to assemble on the local mat. Novak, however, has hopes of going into the ring and coming out the head man.

A challenge to Vangler's claim to the rough and tumble throne will be sounded by a newcomer, Bulldog Jackson of Nome, Alaska. Jackson was disqualified in Columbus last week when he got a bit too rough. If advance notices can be taken at face value, Jackson will make Vangler seem like a purring cat. Jackson is slated to meet Pat Flanegan of Detroit, Mich., in the semi-final bout.

A preliminary at 8:30 will open the card.

LONG IS CHAMP

W. B. Long captured the city tennis championship yesterday by defeating Art Yazel in a fast five-set match on the Steam Shovel athletic field court.

Yazel grabbed the first two games from Long by scores of 6-8 and 0-6 before Long finally hit his stride and captured three in a row and with them the city crown. Scores of the last three games were 6-4, 6-4 and 7-5.

FAST FIELD OPENS GOLF TITLE QUEST

ROCKFORD, Ill., Aug. 22—Young Don Moe of Portland, Ore., felt the sword of Damocles dangling over his head today as a record crowd of 200 golfers opened assault on his prized Western amateur crown over the Rockford Country club battleground.

It was by far the largest and probably the smartest Western field in 32 years of play and the champion knew he was in for a stiff week's struggle to be the first to successfully defend his crown since the veteran Charles "Chick" Evans, Jr., of Chicago, turned the trick back in 1922 and '23.

Moe was sure of only one thing—a place among the 32 qualifiers, who will fight it out all week over the match play route for the title, one of the most elusive in golf.

SLATTERY BILLED TO FIGHT TONIGHT

NEW YORK, Aug. 22—Jimmy Slattery, former Buffalo light heavyweight contender, and Charley Belanger of Winnipeg, open this week's sparse and uninteresting national boxing program with a 10 round bout in Buffalo tonight.

New York City and Seattle offer the only other attractions of the week. Tommy Paul of Buffalo, recognized as featherweight champion by the National Boxing association, engages Lew Feldman of New York in a 10-round non-title bout at the Coney Island Velodrome Thursday night. At Seattle on Friday Ruby Temmond Vancouver

Softball Titles at Stake Here Today

Two championship softball games are on the slate for today in the city Sunday school leagues. In the No. 2 church circuit the Central Christian Seniors will cross bats with First Reformed at Lincoln park. At the Shovel athletic field the First Presbyterians and Lee Street will clash in the first of the play-off games for the No. 1 Sunday school loop title.

Should the Christian Seniors stop Reformed today the former will be undisputed champions of the circuit. However, should Reformed win, Epworth Seniors and Christian Seniors will be deadlocked for the title with the season ended, necessitating a post-season play-off.

St. Mary, First Presbyterians and Lee Street are tied for the No. 1 league crown. Today is the first of the play-off games. The second will be Wednesday between the winner of today's conflict and St. Mary.

Sexton Shatters Shotput Mark in Exhibition Toss

CLEVELAND, Aug. 22—A new unofficial world's shotput record, 52 feet 11½ inches, was held today by Leo Sexton of the New York athletic club.

Sexton, who won the recent Olympic shotput at 52 feet, 6 3-16 inches, tossed the greater distance yesterday in a track and field exhibition before 50,000 spectators in the Cleveland stadium.

His previous unofficial record was 52 feet, 8⅝ inches. The recognized world's record is 52 feet, 7½ inches, set by Emil Hirschfield, of Germany.

Sharing the plaudits of yesterday's crowd, was Jesse Owens, of Cleveland, young Negro high school junior, who won the 100-yard dash in 9.6 seconds. Owens defeated two Olympic sprinters, Erick Brockmeyer of Germany and Gabrielle Salviati of Italy.

California's two great pole vaulters, Bill Miller, the Olympic champion, and William Graber, cleared the bar at 13 feet six inches, and didn't try to go higher because, lacking a landing pit, the falls were shaking them too much. Graber's world's record is 14 feet 4¾ inches.

The 880-yard run was chiefly a duel between Alex Wilson of Canada, former intercollegiate champion, and Dr. Otto Peltzer, captain of the German olympic team and former holder of the world's record. Wilson won by a narrow margin in 2 minutes, 4 seconds.

The entry lists swelled rapidly yesterday and officials predicted more than 1,500 shooters, including the best marksmen in the nation, will compete in this week's events.

Ball Players Fined.

CINCINNATI, O., Aug. 22—Announcement was made here by John Heydler, National league prexy, of the imposition of $100 fines on Charley Grimm, manager, and Guy Bush and Woody English of the Chicago Cubs, as the result of a row in a game with the Phillies at Chicago Saturday. Umpires protested against language the players used in an argument over a decision.

QUEEN HELEN

HELEN JACOBS COPS WOMEN'S NET TITLE

California Tennis Star Captures Championship Without Unusual Exertion.

By The Associated Press.

FOREST HILLS, N. Y., Aug. 22—Helen Jacobs, the comely Californian who has answered to "Queen Helen, 2nd" almost since she can remember, today occupied the women's tennis throne relinquished by Mrs. Helen Wills Moody.

With her long-time nemesis safely in Europe completing her art studies, Miss Jacobs finally crashed through to the title yesterday, with a 6-2, 6-2 victory over little Carolyn Babcock of Los Angeles in the final of the national event.

Black haired Carolyn, who had proved a sensation by eliminating Mrs. L. A. Harper and Joan Ridley, on successive days, collapsed almost completely in the final and offered the weakest kind of opposition.

By way of making her long awaited success complete, Miss Jacobs paired with Sarah Palfrey of Sharon, Mass., to win the doubles championship from Alice Marble of San Francisco and Mrs. Marjorie Morrill Painter of Dedham, Mass., 8-6, 6-1.

Wins by 11-2 Score.

The Morral team of the Heart of Ohio league defeated the Morral entry in the Tri-county league yesterday in a game played on the Morral diamond, 11-2. The Tri-county league combine was shut out in eight of the nine frames.

Morral Heart of Ohio league team will play the Bucyrus Questions next Sunday at Morral.

BIRDS AND MILLERS IN CRUCIAL SERIES

Pennant Hopes of Columbus Rest on Results of Next Four Days.

By The Associated Press

CHICAGO, Aug. 22—Columbus' chances of winning the American Association championship probably will be definitely decided during the next four days—when they engage the pace making Minneapolis Millers.

During their last stop at St. Paul, the Birds could get no better than an even break with the tailenders, and today were five and one-half games behind Minneapolis. After dropping the first two games of the series, Columbus came back Saturday and Sunday to even it up. They nipped the Saints, 3 to 1, Saturday, and yesterday turned on some potent hitting to win 16 to 5.

Minneapolis dropped a 5 to 3 decision to Toledo Saturday, but gave the Mud Hens an unmerciful walloping yesterday to make it three out of four. Babe Ganzel and Art Ruble led a 21 hit assault on three brood pitchers.

Milwaukee stretched its latest winning string to five straight by smacking Louisville twice yesterday, 9 to 2, and 8 to 5.

Indianapolis defeated Kansas City 9 to 6, in the first game of their double bill, but the Blues salvaged the second one, 8 to 5.

Calvary To Play.

Youth and age will have another battle Tuesday when the Calvary Evangelical Intermediate and Senior softball teams cross bats at the annual Sunday school picnic of Calvary church. The picnic will be held at Community park in Prospect. The game is called for 6 p. m. The Intermediates challenged the Seniors to the game.

My Beauty Hint

BY VIRGINIA BRUCE

THE old saying "pretty is as pretty does" can well be applied in a stronger measure to beauty.

It seems to me that beauty of kind thoughts and good deeds surpasses all the miracles wrought by fickle mother nature.

For that reason my hint to girls who would be charming and pretty is to be thoughtful, tolerant and grateful, and then you will be attractive to look upon, and indeed have every claim to genuine beauty.

The total points earned by the Epworth leagues in the various events of the week was 185. Findlay's points totaled 175 and Bellefontaine received 160 points.

Ralph Carhart wrote the drama, "Mary's Dream," with which the Marion league won second place and Misses Elizabeth and Dorothy Pace wrote the tableau depicting the work of the four league departments which also won second place.

Dr. Turley gave the closing morning watch address Saturday. Four Marion league members were among the Lima district group that was graduated from the institute department to the graduate department, after having completed 15 units of work. They are Catherine Fercher, Dorothy Pace, Janet Sykes and Pauline Shelton.

QUESTION SELECTED FOR SCHOOL DEBATE

Tax Subject Will Be Used by Harding Forensic Teams.

The question which will be up for debate in schools throughout the United States in the coming school year, was announced by T. D. Bain, debate coach at Harding High school.

The question was announced in advance of the opening of the school term, because of the keen interest the debate students have shown this summer in learning the subject for discussion next year, Mr. Bain said.

As stated by the National Forensic league, the question follows: "Resolved, that at least one-half of all state and local revenues should be derived from sources other than tangible property." The subject is being sponsored by the national league and also by Ohio State university.

Last spring Mr. Bain made a survey among students of the high school of those who wished to take up debate this fall. Twenty-one new candidates signed up for classes and seven who have had one or more years of experience.

Ohio Child Who Fled To 'Escape' Police Found

CLEVELAND, O., Aug. 23.—An 11-year-old Cleveland girl, who ran away from home last Thursday because she thought she was to be arrested for taking a handy bat from a drug store, was found last night in Erie, Pa.

The child, Betty Kamp, had hitchhiked the entire distance.

Betty took alarm when the druggist told her to bring five cents from home or he would summon a policeman. Her mother was away from home when Betty returned from the store, so the girl confided her problem to a friend.

The mother of the second girl went to Betty's home to give her kindly advice, but the distraught child thought the knocking on the door meant a policeman was there. Taking 50 cents from her bank, the child fled.

Mrs. Josephine Kamp, mother of the girl, was nearly prostrated when she did not hear from her daughter for more than two days and nights. She departed for Erie last night to assure her the police would do her no harm.

Victim Sleeps as Thief "Lifts" Watch and $2

George Klingel of 486 North Prospect street was robbed of $2 in change and a silver watch while he, with Mrs. Klingel, were asleep in a downstairs bedroom at their home last night. The articles were taken from a pair of trousers which lay across a chair at the foot of the bed in which they were asleep.

The visit of the burglar was not discovered until the couple arose shortly after 5 o'clock this morning.

Removing a sliding screen from a window in a bath room, also on the first floor, the burglar passed through the bath room and dining room before reaching the bedroom in which Mr. and Mrs. Klingel were asleep. After removing the change from a pocketbook, the burglar carefully restored the pocketbook to the trousers pocket.

So far as could be determined Mrs. Klingel said this morning, nothing but the money and watch were taken although several drawers had been opened. The burglar left the house by the rear door.

DEATH SENTENCES BRING NEW CRISIS

Hitler Forces Threaten Strife If Condemned Men Are Executed.

By The Associated Press

BERLIN, Aug 23 Death sentences imposed yesterday at Beuthen upon five Poznania convicts of political murder brought disturbed threats of crisis today.

The gravity of the situation was attested in the pleas of Vice Chancellor Franz Von Papen and Adolf Hitler—who has next the powerful storm troops as well as Hindenburg's support—a government letter which flatly (the death sentences) is possible.

Thus the new cabinet formed on Chancellor Von Papen's plea that his government would be given a chance, faced its first crisis the day after the five men were tried.

All belonged to the fanatic Nazi faction, three of whom were Nazi leaders and two officials. They were sentenced to death in a court room in Beuthen, a border city, on the Polish hold for killing a Communist in the village of Potempa.

The tribunal was a special one, established to stamp out the violence which was taking hundreds of lives before the balloting of Aug. 31. The men were defended by the personal attorney of Hitler, and, when the sentence came a riot ensued.

Beuthen was quiet today under the vigilance of steel helmeted police, and the rest of Germany was eager to see what the government would do in this new crisis.

Open threats of reprisals and worse were voiced by the Nazis.

It was generally considered unlikely the five ever would be guillotined, but the chancellor was confronted with the most difficult of questions, in that he must decide very soon to commute one or all the death sentences to life imprisonment or quash the verdict as demanded by the Nazis.

ACCIDENT DAMAGES FIN OF U. S. S. AKRON

By The Associated Press

LAKEHURST, N. J., Aug 23—Commander Alger H. Dresel, commander of the navy dirigible Akron, said today the damage to the dirigible in an accident last night was "not very great" and in all probability necessary repairs could be made at the air station.

A tear fin on the ship was damaged when it was struck by a rear handling beam as the ship was being moved down the landing field preparatory to a night training cruise.

Commander Dresel said the full extent of the damage had not yet been ascertained.

A witness reported the ship had been on the field about 15 minutes, its nose attached to the mooring mast outside the hangar. Suddenly, he said, the cable attached to the rear of the craft snapped with a report like a pistol shot and the tail flew upwards in a strong current of wind. Another air current then brought the tail to the ground with a crash, cracking the tail fin and several supports within it.

OHIO MINE PICKETING IS ORDERED STOPPED

Guardsmen Destroy Camp After Disorders That May Cause Man's Death.

By The Associated Press

ATHENS, O., Aug. 24—Sniping, a dynamite explosion and a picket camp fight today had resulted in an order by county officials to stop picketing at the Lick Run mine of the New York Coal Co.

The picket camp fight which resulted in probably fatal injuries to John Shaffer led Sheriff Wayne Wingeet to order the camp abated. A squad of national guardsmen went to the camp, took down the tents and burned tables, chairs and other equipment of the pickets.

Shaffer is alleged to have been struck by a brick hurled by Virgil Russell, 35, an unemployed miner of Buchtel. According to Sheriff Wingeet, Russell accused Shaffer of being intimate with his wife and taking her to the picket camp. In the ensuing fight Shaffer was struck with the brick. Russell is being held without charge at Nelsonville pending the outcome of Shaffer's injuries at a Logan hospital. It was said Shaffer's skull was fractured.

An early morning attempt to restore picket lines at the Lick Run mine resulted in a hurry call for soldiers. They succeeded in scattering the pickets without the use of force.

Last night, a dynamite blast wrecked a two-story, unoccupied house belonging to the New York Coal Co. at Chauncey. The house was literally blown from its foundation.

A short time before the blast snipers fired on the No. 25 mine of the Manhattan Coal Co., but no one was hurt.

NEW FLYING QUEENS MAKE UP LOST SLEEP

Endurance Record Breakers Far Surpass Old Mark for Continuance Flight.

By The Associated Press

NEW YORK, Aug 23—The two new queens of the skies, Mrs. Frances Marsalis, and Mrs. Louise Thaden, spent today catching up with some sleep and rest they sacrificed to set a new endurance flight record for women.

Their record making merry-go-round over Long Island ended at Valley Stream, Long Island, yesterday at 5:06 p. m., after they had remained aloft in their flying boudoir for eight days, four hours and five minutes.

That mark surpassed the old one of 123 hours established last year at Los Angeles by Bobby Trout and Edna May Cooper by more than three full days.

The flying matrons might still be zooming over the Curtiss airport at Valley Steam, Long Island were it not that yesterday the continuous circling around became "monotonous" and the fact that they were ordered to land by Casey Jones, field manager.

Solberg-Peterson on "Friendship Flight"

By The Associated Press

NEW YORK, Aug 23—Thor Solberg, a scion of the old Vikings, and Carl Petersen, veteran radio expert, took off from Floyd Bennett airport at 4:41 a. m., today for a one stop friendship flight to Oslo, Norway.

The airmen planned to land their huge seaplane at Harbor Grace, N. F. for refueling and depart tomorrow at dawn across the Atlantic if conditions are good.

The flight is intended to cement friendly relations between the United States and Norway. It is backed by patriotic Norwegian-Americans in Brooklyn, where Solberg lives.

Solberg a native Norwegian whose bride of a year, Ingrid, is waiting to greet him in Norway, was piloting. Petersen, also a native Norwegian and radio man for the Byrd expedition to Antarctica, planned to keep in touch with radio stations on both sides of the Atlantic. He is 35 and Solberg is 38.

Youthful Pilot Guides "Green Mountain" Plane

By The Associated Press

BARRE, Vt., Aug 23—Clyde A. Lee of Oshkosh Wis., and John Bochkon of Brooklyn, N. Y., took off for Harbor Grace, N. F., at 9:15 today on the first leg of a projected flight to Oslo, Norway.

The fliers expected to make the 977 mile hop in approximately nine hours. They planned to fly to Harbor Grace via Augusta, Me., St. John, East Point, P. E. I., and Cape Ray, N. F.

The identification number of the Lee Bochkon plane is NR 7576, the name "Green Mountain Boys" appears on the fuselage and underneath "Barre-Montpelier, the granite center of the world," appears in white letters. The plane is red in color.

At Harbor Grace, N. F., they planned to put aboard 460 gallons of gasoline, enough for about 4,000 miles or 35 hours flying time. They figured the distance from the Newfoundland airport to Kjeller field, Oslo, their ultimate objective, however, as only 3150 miles and expected to cover the ground in 30 hours.

Lee acted as pilot commander of the flight and Bochkon as co-pilot.

Lee, 24 has done no ocean flying but has had about nine years experience in the air.

Bochkon, four years his senior, began his flying career with the Norwegian air forces in 1920. He came to this country seven years ago and has continued his aviation activities as a pilot and an engineer. Neither is married.

TRUCE FLAG UP IN ILLINOIS MINE AREA

BENTON, Ill., Aug 23—The flag of truce had been lifted in the Franklin county coal fields today in an effort to prevent further bloodshed over the operation of mines under the new $5 wage contract.

Attempts to settle the trouble by substitution of peaceful negotiations for firearms were undertaken at a parley last night at Zeigler attended by county officers, officials of the United Mine Workers of America and representatives of the miners. The peace parley was held after one miner had been killed and six others wounded in clashes yesterday.

OPTIMISM STIRRED BY R. F. C. REPORT

By The Associated Press

WASHINGTON, Aug. 23—An optimistic note showed itself today in the transactions to publication of the Reconstruction Corporation's loans to banks and other institutions.

Where originally there had been fears that the publicity—given by South Trimble, clerk of the house of representatives, under a clause in the new relief law would undermine confidence in the borrowing banks, there was a disposition to point out that these banks had to be by requirement of law, in fundamentally good condition.

From this point of view, publication of their government borrowings could be viewed as evidence of the banks' soundness.

The report given out yesterday covering the brief period from June 21 when the relief bill became law, to Aug. 1, showed 437 loans totaling $45,057,856, of which $32,990,190 was to banks.

MEN SHOT IN HOLDUP BOUND OVER TO JURY

Informal Court Held in Room at Hospital; Plead Not Guilty.

Continued from Page One

[illegible] was not so good this morning. He was unable to lie down and was propped up in bed.

The wounds of White and Sterling are healing and it is expected both will be removed to the county jail the latter part of this week.

That East had taken part in at least one other holdup became established yesterday when he was identified by a Marysville grocer as one of three men who held up his store on July 30, escaping with $60, three watches and a revolver. Confronted by the grocer, East, police said, admitted taking part in the robbery but refused to name his companions. Neither White or Sterling could be identified by the grocer.

Owner of Car

East promised the grocer when he had recovered sufficiently and had obtained bond, he would return the watches. He refused, however, to say where the watches were. A check made by the police substantiated the claim by East that he was the owner of the automobile in which they were riding when captured by Police Chief W. E. Marks.

Police established that East was the bandit who was shot by Ashward Stover, manager of the store, as he was pasing through the front door. White, who took the money from the cash register, left the store and East stopped to pick up several cartons of cigarets when Stover opened fire. The bullet struck him in the side just below the left shoulder and passing through his body came out below the right arm pit. Both lungs were punctured. He received the bullet wounds in both wrists when Stover fired into the machine as the trio were making their escape.

Mother of Three, Former Swetheart Victims of Shooting in Fostoria.

Frank Ruiz, 35, a Mexican who for several months lived in Marion, killed his former sweetheart, the mother of three children, and turned the gun on himself in Fostoria yesterday, according to news reports from that city.

Mrs. Mary Banda, 28, who is said by Fostoria police to have lived in Marion with Ruiz two years ago and Ruiz both died instantly.

Ruiz had threatened her since she left him and returned to her husband in Fostoria several months ago, authorities said.

Mrs. Banda was shot in the head and heart. Ruiz placed the muzzle of the pistol in his mouth and killed himself. The shooting took place in a boarding house where Mrs. Banda was preparing a lunch for her husband.

Mrs. Banda's landlady, Mrs. Pauline Jackson, said Mrs. Banda received a note from Ruiz two weeks ago threatening the lives of herself and children unless she returned to him.

Fostoria police have been unable to locate any relatives of Ruiz. He probably will be buried in potter's field in Fostoria if friends or relatives do not claim the body. Mrs. Banda's husband, a foundry worker, and their three children survive.

Ruiz is believed to be a "floater" who has moved from one city to another. He has been before Fostoria courts on petty charges several times, authorities said. They recently ordered him out of the city.

HIGHWAY HAZARDS TO BE ELIMINATED

Belmont County Project to Eliminate Hill, and Curves.

COLUMBUS, O., Aug. 23—Elimination of the most hazardous stretch of the National highway in Ohio, Blaine hill in Belmont county was provided in a contract awarded yesterday by the state highway department. The Hecker-Moon company of Cleveland obtained the job on a bid of $801,449.01.

The Blaine hill, which has 13 sharp turns on its steep grade with a railroad crossing at the bottom will be cut down to a gradual grade with only slight curves, and a viaduct will span the B. & O. railroad.

The improvement was listed among a group provided by $4,850,000 in unemployment relief funds allotted to Ohio by the federal government. The state specified the minimum wage to be paid skilled and unskilled labor on the projects.

TITLE SEEKERS PUT ON THRILLING BATTLE FOR CROWD OF 1,500

Error in Sixth Allows Only Tally in Bitterly Fought Contest.

BY BOB KIRKPATRICK
Sports Editor, The Star

For almost six full innings the battle raged yesterday between the Lee Street Presbyterians and the First Presbyterians as they fought to survive the play-off for the No. 1 Sunday school league softball championship at the Shovel Athletic field. During all that time neither team had scored although both had threatened on numerous occasions to send a runner across the platter. Then the break came.

It was the last of the sixth. Two men were on base. Two men were out. Ted Cunningham was at bat. The heavy-hitting Presbyterian right fielder smashed a high fly toward right center field. "Tuffy" Conkle, playing deeper than usual, raced in for it. Conkle had snared other balls as hard or harder to field than this one. But it was time for a break in the game. Conkle reached the ball and apparently had it safely in his glove—but then it slipped. He dropped it. As the ball hit the ground Kenneth Gallant raced across the plate with the first and only run of the game but that one run was enough for the Presbies to win by a 1-0 score.

It was simply a break of the game. Both contenders for the league crown played first class ball. The 1,500 fans who saw the contest yelled themselves hoarse as now one team and then the other pulled off brilliant plays. Lee Street ripped off two double plays to stop threatening Presbyterian rallies. The Presbyterians turned in some equally sensational fielding to stop the Lee Street boys on several occasions. Both pitchers were working in top form. Shorty Richards held the Presbyterians to five hits. Don Shoemaker went him even better by giving up only four.

There was little to choose between the two. Either one played well enough to win most any ball game. It was simply a break which won, a break which might have happened to either team. It was a great game.

Batteries and score by innings:

Lee Street	000 000 0	0	4 3
Presbyterians	000 001 x	1	5 0

Lee Street, Richards and W. Conkle; Presbyterians, Shoemaker and Conroy.

MARKSMEN VIE FOR TITLE AT VANDALIA

Class Crowns Already Decided; Shooters Battle for Rich Prize.

VANDALIA, O., Aug. 23—With the class championships out of the way, trapshooters from all parts of the country today vied for one of the most coveted prizes in trapshooting, the North American clay target championship for both men and women.

Included on the fourth day's program of the thirty-third annual grand American tournament will be the team race between the east and the west. Teams will be elected from the high shooters in yesterday's class championships.

The world trapshooting marks went by the boards yesterday in the class championships. The first, when five shooters turned in perfect scores of 200 targets. The second occurred when K. M. Leacy of Calgary, Alberta, one of the five perfect marksmen captured the class B title. It was the first time in history that this title had been won with a perfect score.

Class champions and their scores:

Class AA—Ralph Smoots of Kenton, O., 200, 50 straight in shoot-off.

Class A—George Slaughter of Benton Harbor, Mich., 200.

Class B—K. M. Leach of Calgary, Alberta, 200.

Presbie Victory Under Protest; Hearing Tonight

Just as though the race for the No. 1 Sunday school league pennant was not tight enough, another factor has been added which may make it even more difficult to decide the rightful owner of the title.

Hardly had the last man been put out to end the game between Lee Street and First Presbyterians than the losing team, Lee Street, filed a formal protest with the city softball commission concerning the game. The protest is based on the contention that the Presbyterians played two ineligible men, Kenneth Gallant and Ted Cunningham. Gallant is the third baseman and scored the one and only tally of the game. Cunningham is the right fielder who smacked the hit to center field that caused an error and allowed Gallant to cross the plate.

If the city commission can be gotten together for a special meeting tonight the protest will be considered at that time. Commission President W. N. Fabian has issued a call for a meeting at 7 p. m. but the short notice may possibly prevent the obtaining of a quorum. If the meeting is not held tonight it will probably be held Wednesday.

Pending outcome of the protest no shifts have been made in the play-off schedule between the two teams remaining in the race for the crown. St. Mary and First Presbyterians will play Wednesday at Lincoln park at 6:15 p. m. No date has been set for the replaying of the Christian-Reformed game which ended in a tie yesterday.

HAUSER BLASTS TWO HOMERS AS MILLERS LOSE TO RED BIRDS

Minneapolis Slugger Out To Set New Record in Association.

By The Associated Press

CHICAGO, Aug. 23—Joe Hauser, who set a new International league record for home runs in 1930, may yet do the same thing for the American association.

Hauser, now with Minneapolis, started the season at a rousing clip and by July 21, had belted out 34 home runs. At the rate he was going he looked like a cinch to wipe out the standard of 54 for a season, set by Nick Cullop, while a member of the Millers, in 1930.

JOE HAUSER
Hits No. 40

Yesterday he had another one of his good days, banging out two circuit drives and driving in seven runs for Minneapolis against Columbus, giving him 40.

Hauser's day was a big success, but the Millers didn't do so well. In spite of the big first baseman's hitting, the Red Birds squeezed out an 11 to 10 victory, cutting a full game from Minneapolis' leading margin.

Milwaukee won its sixth straight victory, beating Indianapolis, 8 to 7, in a ten inning battle. The triumph did little for Milwaukee, which is well out of the race, but the defeat dropped the Indians to two games behind Columbus.

Home runs also gave Toledo a 6 to 4 victory over St. Paul.

Galatzer got one with two on, and Odell Hale connected with one on to provide the necessary punch.

A job of six-hit pitching by Dick Bass, a rookie, was the big factor in a 7 to 1 victory for Louisville over Kansas City in a night game.

CAREY RALLIES TO BEAT COLUMBUS

Don Donelson's semi-pros of Carey came from behind Sunday to trip the Columbus Travelers 7-4 before one of the largest crowds to see a ball game in Carey this season. The semi-pros trailed for five innings but rapped out three hits for four runs in the sixth to take the lead. Myers of the winners slammed out three hits in four times at bat while Elly of the Travelers smacked out a homer and three singles in four times up.

Carey will meet Delaware, champions of the Heart of Ohio league next Sunday.

Batteries and score by innings:

Columbus	100 100 101	4	8 4
Carey	000 142 00x	7	11 3

Columbus, Byrd, McHan and Galloway; Carey, Ferner and Orians.

CHAMP FAVORITE TO RETAIN TITLE

By The Associated Press

PEORIA, Ill., Aug. 23—Medalist and owner of a new course record, Mrs. Opal S. Hill of Kansas City, was more than ever the favorite to win her second straight women's eastern golf title.

Mrs. Hill led the field away in the qualifying round yesterday, and at the finish, had scored a fine 75, five strokes under the tournament record established by Mrs. Lee Mida of Chicago, several years ago. Just back of the Kansas City star came Mrs. J. Walter Beyer of Tulsa, Okla., holder of the Oklahoma state championship, who carded a 77.

Mrs. Hill's opponent today was Marion Callahan of Madison, Wis., who qualified with an 88. Mrs.

SCHWADERER LIMITS SENIORS TO 3 HITS AND GAME ENDS 1-1

Amick Gives Up Seven Safeties, but Bears Down in Pinches.

If anyone had asked the average follower of the No. 2 Sunday school league a couple of weeks ago who was going to capture the league flag the answer in most cases would have been Central Christian Seniors. That may be the right answer. No one knows yet. The worst part of it is, there seems to be no certainty that anyone is going to know the answer for some time to come.

Yesterday afternoon at Lincoln park First Reformed took it upon itself to delay the answer to the question a little longer by holding the Seniors to a 1-1 deadlock. As a result of the tie the two teams will have to meet again at a later date and try it over again. Should the Seniors win they will have the championship in the bag. Should Reformed win the Epworth Seniors and Christian Seniors will be tied for the flag with the season ended. So there you are. But where are you?

Dale Schwaderer had one of his good days on the mound for Reformed yesterday and as a result the Christians could do little in the way of getting hits. Without the hits there were few runs forthcoming for Reformed wasn't loosing any balls around just to see the Christians run. Schwaderer gave the league leaders three hits. Two of these came in the fifth frame and with the aid of a walk produced the only Christian tally.

Art Amick was a little bit more liberal with hits than was Schwaderer but he would allow but seven and that wasn't enough to get more than one Reformed runner across the plate. The one run came as Hewison cracked a homer in the second frame.

Both teams put men in scoring positions several times but the opposition merely bore down and nipped the rallies ere they produced anything that even remotely resembled a score. Just about another week of this battling to decide the pennant and the Little World series will be thrown open for all the teams. Everyone seems to be a champion. At least no one has found out yet which one team has the best right to the claim.

Batteries and score by innings:

Christians	000 010 0	1	3 0
Reformed	010 000 0	1	7 1

Christians, Amick and Overfield; Reformed, Schwaderer and Pfalzgraf.

YANKS THREATEN TO SET NEW RECORD IN WINNING GONFALON

New York Club May Go Through Season Without Being Shut Out.

By The Associated Press

It seems likely the Yankees, in addition to winning the American league flag in a canter, will go right on and round out the campaign without having tasted a shutout defeat.

They have scored at least one run in each of their 119 engagements to date, and with the big guns of their attack, Ruth and Gehrig, going better every day, opposing pitchers apparently face a hopeless task in trying to blank Joe McCarthy's sluggers.

No big league club ever has completed a season without at least one shutout.

Irving (Bump) Hadley, journeyman righthander of the St. Louis Browns came mighty near applying the brakes yesterday when he set the leaders down, 5 to 1, on four widely scattered hits. Earle Combs saved the day for the Yanks when he tripled in the first inning and scored on an infield out. After that Hadley was invincible.

The next most startling performance of the day was that of Lefty Grove in piloting the Athletics to an 8 to 1 victory over the White Sox. In addition to pitching very high class ball he belted a home run with two aboard and scored two runs.

Fred (Dippy) Marberry of the Washington Senators, turned Cleveland back with one hit, a single by Dick Porter in the first inning, and beat the Indians, 4 to 0. Only four men reached first base, the other three on walks.

Tony Oliver's double in the ninth inning, with two on base, gave the Boston Red Sox a 6 to 5 triumph over Detroit.

The Chicago Cubs went three full lengths ahead of the field in the National league by trimming the Phillies, 8 to 4, while Brooklyn was idle and Pittsburgh was splitting a pair with the Giants.

Heine Meine allowed but five hits in pitching the Pirates to a 6 to 1 win over the Giants in the first tilt and was helped along by Adam Comorosky, who hit a home run with two on base. The Giants took the night cap 4 to 3.

Boston and St. Louis likewise broke even, the Braves slugging Dentinger and Haines for a 7 to 2 victory in the first and the Cardinals taking the second, 3 to 0.

Brooklyn and Cincinnati were idle.

GOLFERS BATTLE TO QUALIFY IN TOURNEY

Brilliant Field Seeks Right To Compete for Western Amateur Crown.

By The Associated Press

ROCKFORD, Ill., Aug. 23—A stampede was on today for qualifying berths in the Western amateur golf championship tournament.

Finding the range of the fairways and traps with almost unerring accuracy yesterday, the field was so close that it looked like a pair of 75's in the 36-hole test would be the highest limit to clinch a place among the 32 who will continue the battle for the crown now worn by Don Moe of Portland, Ore. Moe was the only safe man in the record field of 178 starters, automatically qualifying as champion.

Harry Eichelberger, Stanford University senior, was out in front of the closely bunched field in the medalist campaign. He toured the championship Rockford Country club stretch in 36-34-70, to clip par by one shot. Two Chicagoans, George Dawson and Johnny Lehman, pressed him with 71's, while six others, including shotmakers like Gus Moreland of Dallas, Tex., and Dick Martin, Chicago district champion, trailed with 72's. There was a flock of 73's and 75's just to toss the entire struggle into a grab bag affair.

COLLECTION OF TAX CONTINUES

Assessment of Penalty Held Off in Morrow Co. as Long as Possible.

Special to The Star

MT. GILEAD, Aug. 22—Although Aug. 15 was specified as the final day for the collection of real estate and special assessment taxes, County Treasurer Elzy A. Green and his office force are still occupied in taking in payments. No penalty has yet been assessed on any of the unpaid levies at this time but Green says that as soon as the work of completing the settlement is begun the penalty provided by law will be placed on all delinquencies.

Approximately $200,000, a greater part of the charge, has been collected. Green says the percentage of delinquent property will probably be no higher in this collection than in the last.

Receipt blanks for use in collection of the last half of the personal property tax have been received by the treasurer but these will not be mailed out as planned by state officials. Instead the duplicate will be given to the taxpayers when he pays his tax and the original copy will be retained in the treasurer's office. Green says the cost of mailing out the receipts in advance of the payment would require too much postage, as in many cases the half of the tax remaining unpaid at this time is little more than the postage would be.

The task of making the settlement for the present tax collection will be started some time this week or next, county officials say. Two or three weeks will be required to complete the work and make the distribution to the taxing districts.

To Take Part in Contest.

BUCYRUS, Aug. 23—Roy Welsh of Holmes-Liberty will represent Crawford county in the declamation contest to be held at Claridon school building Wednesday evening. Welsh was declared winner from a field of seven contestants at Leesville last week.
